

After completing the HomeToday educational sessions, participants meet one-on-one with a professional credit counselor to create personalized action plans for becoming successful homeowners. Individual credit counseling reinforces the fundamentals of successful homeownership and encourages participants to establish and maintain their credit so they can move closer to homeownership in a secure and stable condition.

Our Home At Last ® program provides you with assistance towards your down payment. We'll give you \$3,000.00 towards your down payment upon successful completion of the program. Details of the down payment assistance program will be provided at the seminar.

Please call 216-441-7345 or www.thirdfederal.com for registration
